Electrium Sales Ltd. is a Siemens company,
Crabtree is part of Electrium.

Acknowledged as one of the leading brands in British Standard markets around the world, Crabtree offers designers & specifiers a wide range of quality products that caters for a vast array of applications including Commerce, Offices, Education, Hospitals & Health, Hotels & Leisure facilities, in fact wherever quality products are required.

Crabtree factories operate a series of internationally recognized standards including ISO9001 for quality, OHSAS 18001 for Health & Safety and ISO14001 for Environmental Management. The UK manufacturing locations are also home to the product management, engineering, design, quality & logistics teams.

Crabtree also operates to recognised standards for product safety & sustainability, Crabtree wiring accessories are ROHS and REACH compliant often in excess of the BS market standards.

As a Siemens company Crabtree also operates a zero harm scheme within all of its manufacturing, logistics & sales facilities.

Crabtree products are all designed (by Crabtree engineers) manufactured and tested in accordance with the recognised product standards, and backed by standard & extended guarantees.

Crabtree operates two UKAS accredited, ASTA recognised test laboratories that carry out R&D and compliance testing on all Crabtree products, these highly accredited facilities ensure that safety, quality & reliability remain consistent with relevant legislation regulations & Siemens internal standards, policies & practices.

Crabtree continues to manufacture Wiring Accessories and Circuit Protection products in the UK.
