

THIS IS
IN-DESK POWER

 legrand®

INTRODUCING
I N - D E S K

In-desk by Legrand brings style and flexibility to the workstation. Enjoy power when you need it and sleek, minimal design when you don't.

B U I L T - I N S T Y L E

In the modern office, the desk is more than a simple place to work. It's a multifunctional space of inspiration, collaboration and communication. At Legrand, we power that space with style.

Sleek brushed
steel finish

Rapid USB
charging

Minimal
design

R E V E A L H I D D E N P O W E R

With the simple touch of a button the unit rises from the desk in a smooth action. Choose between a traditional twin socket arrangement, or a single socket with twin USB outlets for charging mobile devices.

**MINIMAL.
TO MAXIMISE DESK SPACE**

In any office, desk space is at a premium. So when power isn't required, the ultra-slim cover closes to fit discreetly into the desk.

**BEAUTIFULLY MADE,
INHERENTLY POWERFUL**

With an elegant design and brushed stainless steel finish, the In-desk range enhances the modern office environment and places power and charging right at your fingertips.

INTRODUCING O N - D E S K

The On-desk range from Legrand is a power and data solution that attaches to the workstation. With clean lines and a stylish aluminium and mirror white finish, the ergonomic design of On-desk blends in perfectly with the modern office and enhances the functionality of the desk.

**TAILORED TO YOUR REQUIREMENTS**

On-desk can be tailored to the demands of any workstation. The innovative design enables wide-ranging combinations of power sockets, USB charging modules, data and AV solutions.

SIMPLE TO INSTALL

On-desk is available with a choice of pre-wired electrical connectors for simple installation. Data and AV solutions are generally supplied with a plug and play facility at the rear of the unit for easy connection.

WIRELESS CHARGING POWER SET FREE

Legrand's Qi certified induction charger can be easily installed into desks, tables and other furniture, allowing Qi enabled smartphones and other mobile devices to be charged simply by placing them on top. Charging has never been more simple!
