

# PVC-U General Trunking Solutions

# PVC-U General trunking from Marshall Tufflex

A range of high-quality general trunking systems for a variety of installations within commercial, healthcare, education and domestic environments. These include Conduit, Mini trunking, Maxi trunking and Sterling Profile;

- ⚡ Round and oval PVC-U conduit and fittings
- ⚡ Mini trunking provides an economical feeder trunking system
- ⚡ Maxi trunking offers the installer a mid-size feeder and distribution trunking that can be sub-divided to carry power and data
- ⚡ Sterling Profile systems provide installers with popular and stylish looking perimeter dado and skirting trunking options

## About Marshall Tufflex

Marshall-Tufflex is the UK's leading manufacturer of cable management products. We supply a broad range of products to ensure that, whatever the design and specification; there will always be the perfect product to suit.

Our area sales engineers, project managers and technical specialists work closely with electrical consultants, contractors and clients in order to provide the best possible technical and sales support.

Marshall-Tufflex products are designed to meet the latest BS EN ISO standards and to accommodate all building designs and construction parameters. Our bespoke solutions can also be designed and pre-fabricated to meet individual requirements and save time on site.

## Standards & Environmental

### Quality Assurance

Marshall-Tufflex is recognised by the BSI as a firm of Assessed Capability to BS EN ISO 9001:2008.

### Recycling

Marshall-Tufflex actively supports various industry bodies in the use and control of PVC-U based materials, with the aim of increasing awareness and use of recycled material.

### Environmental Standards

Marshall-Tufflex is totally committed to achieving high environmental standards and is recognised by the BSI as a firm of Assessed Capability to BS EN ISO 14001:2004.

The company continues to support the Voluntary Commitment to the European Commission with its ongoing Vinyl 2020 programme.

# Conduit

Round conduit and fittings made from super high impact PVC-U.

## Product information

### CONDUIT

- Light or heavy gauge options
- Exceeds BS and EN standards

### BOXES

- Provision for MET1 brass earth terminal
- Meet requirements for BS 4607, BS EN 50086 and BS EN 61386 where applicable
- All boxes have brass inserts

# Maxi Trunking

Maxi trunking is a mid-size feeder trunking that can be sub-divided to carry power and data. Larger sizes can also accommodate wiring accessories.

## Product information

- ⚡ A variety of sizes from 50 x 50mm to 150 x 150mm
- ⚡ Single or divided compartment options

## Data information

- ⚡ Fabricated data slow bends

STANDARD COLOUR	
WH	White

**Options:** optional colours and finishes are available but these are subject to minimum quantity orders and longer lead times. For more information contact the Technical Team on 01424 856688.

# Sterling Profile 1, 2 and 3

Sterling Profile systems 1 to 3 are popular and stylish looking perimeter dado and skirting systems that are easy and cost effective to use. The range has been tried and tested within commercial areas over many years.

## Product information

- ⚡ 167 x 50mm
- ⚡ 3 segregated compartments
- ⚡ Can be sub-divided
- ⚡ Suitable for dado and skirting application
- ⚡ Can be fed from larger trunking systems for increased cable distribution
- ⚡ Boxes available to comply with Part M (DDA)
- ⚡ Comprehensive range of flush power and data accessories

## Data information

- ⚡ Standard bend radius 25mm (Cat 6)
- ⚡ Data fittings available for bend radius up to 50mm
- ⚡ Compartment can be screened against EMI with no reduction in cable capacity
- ⚡ Adjustable data box 32-40mm
- ⚡ Screened data boxes
- ⚡ Steel screening divider available

**Part M**

Boxes that meet the requirements of Part M (DDA) are available. Please contact the Technical Team for more information 01424 856688.

### Sterling Profile 2 flat tees

Where profiles have one angled cover and one square cover, as with Sterling Profile 2, it is possible to create a tee by changing the top or bottom cover so that covers match the profile of the trunking.

For example:

- Upward tee – select Profile 1 tee remove the angled bottom cover and replace with square cover.
- Downward tee – select Profile 3 tee remove the square top cover and replace with angled cover.
