

Compact terminals
Magelis XBT range
New generation stars

Simply Smart !

Leveraging ingenuity and intelligence for ease of use

New generation stars

Display text or semi-graphic messages, diagnose, control and regulate your automation system equipment ...

the range of Magelis XBT N, R, RT compact terminals offers you **simplicity** of use in **compact dimensions**.

And you can now access the comfort of a touch screen with the new Magelis XBT RT. Easily configured thanks to user-friendly Vijeo Designer Lite software, these terminals combine perfectly with other Telemecanique equipment to offer you a complete automation solution, dedicated to simple or complex machines.

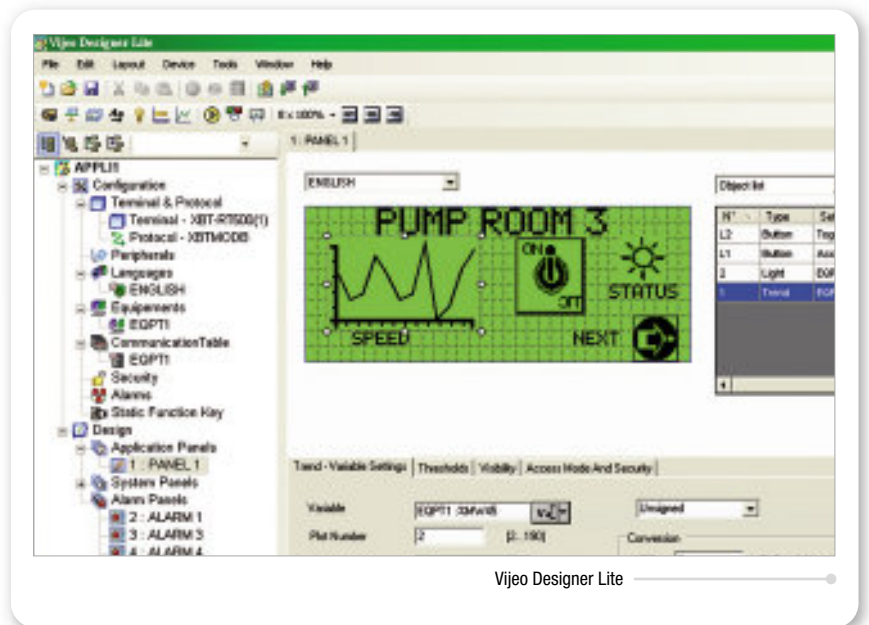

So many technological advantages in such a small space make this range the "new generation stars"!
