Lighting Design Service

RELUX® DIALux

ACCREDITED
SUPPLIER

Our design team have a comprehensive product knowledge, technical experience and creative talent that provides the perfect solution every time for interior and exterior project applications.

Utilising the leading Relux and DIALux design programmes, the team are able to provide three dimensional digital representations for each design including illuminance plots and colour images which provides a clear, precise and professional representation of the design.

“Ansell Lighting provided an LED lighting solution to upgrade our existing luminaires to LED at our Fire Service HQ. The performance of the products led to a significant reduction in energy costs and a massive overall improvement in the aesthetics and light levels of all offices throughout the premises. This provided a safe and efficient working environment, fully justifying our decision to trust the high quality LED lighting products from Ansell Lighting.
