Masterplug is one of the most recognisable brands in the world and has been at the forefront of Portable Power for many decades.

With over 75 years of sales, distribution and manufacturing expertise, we fully understand our customers' requirements and as such we can offer tailor made solutions to our retail partners. These solutions combine high-quality market-leading products with low cost production to ensure our products not only meet the current market trends but exceed our consumers' expectations.

The benefits of buying our products include:

QUALITY ASSURANCE

As one of the world's leading manufacturers, our products are made to the highest possible quality standards. We consider our corporate social responsibility at each step to bring security and peace of mind.

COMPLIANCE TESTING

Our on-site ISO9001 certified laboratory ensures that all our products are manufactured to the relevant internationally recognised quality standards. Ongoing mass production testing and pre-shipment inspections ensure our products leave our facilities in the best possible condition.

PRODUCT DEVELOPMENT

Analysis of market trends combined with our global design teams gives us a unique position from which to drive our product categories. In-house production engineering, rapid tool making and on-site prototyping delivers timely and continuous product development and improvements to the market.

LOGISTICS

Our flexibility in production and raw material stock holding improves the manufacturing and delivery lead times to our partners. We have very flexible supply routes and can ship direct from our 100% wholly owned factory in China, or from our various global warehouses.

ETHICAL POLICY

Masterplug has an overriding obligation to the welfare of workers within its own manufacturing facility and supply chain. Masterplug uses the Ethical Trading Initiative (ETI) Base Code as its standard for its own manufacturing operation and all primary suppliers across all our businesses. Please visit *www.ethicaltrade.org* for further information on the ETI Base Code.

Empowering responsible supply chains

Sedex

masterplug

make ***the right connection***

The Masterplug range is versatile, with many configurable options for customers with larger order quantities. Subject to MOQs and lead time constraints, we can offer a variety of packaging, cable length, plug and colour options. Please speak to your Masterplug Sales Manager for more details.

CONFIGURABLE OPTIONS

	CABLE LENGTHS	PLUG	COLOUR	PACKAGING
Extension Leads	Up to 15m	10A and 13A	Wide Range available	Polybag, Shrink wrap, Slide Blister, Box, SRP
Cable Reels	10A, 13A and 16A available	Standard, Heavy Duty, RCD	Wide range available	Up to 3 colours faceplate printing

PACKAGING OPTIONS

Packaging options include shrink wrap, eco-blister, clamshell, polybag, colour box and SRP. Masterplug can also supply products in multipacks, on request, subject to MOQ and lead time constraints.

MERCHANDISING

Masterplug can provide the highest level of merchandising support. We have a wealth of experience in planogram design, and program implementation.

In order to boost sales, we can offer numerous merchandising solutions to suit retail space available, including quarter or full pallet promotional displays and fixture clip strips for accessories and extension leads. Tailored promotions can be arranged to suit all quality and price requirements so that retailers can provide additional value offers to the customer.

KEY FEATURES

SURGE POWER

Protects your valuable equipment from damaging surges and spikes

WHAT IS SURGE?

Hundreds of power surges can occur in your home or office every day; the switching on/off of fluorescent lights and household appliances can cause power surges, which can seriously damage electronic equipment. Even low energy surges can cause gradual component degradation, leading to early hardware failure.
Masterplug Surge products protect your devices against these surges and spikes.

ACCESSORIES

PRO-XT

Pro-XT is the professional's choice for Portable Power. Developed as the first globally viable portable power offer for trade, Pro-XT delivers a new level of performance and innovation. The Pro-XT brand recognises the true requirements of trade, providing reliability, choice and value for end users.

Five Year Warranty

Masterplug offers a five year warranty on its Pro-XT cable reels.

This warranty is an acknowledgement that Masterplug will repair or replace the reel if a fault appears within five years of purchase.

Key Features

- **Robust construction**
- **Guaranteed reliability**
- **Unique functional design**
- **Engineered versatility**

FEATURES & BENEFITS

ERGONOMIC HANDLE GRIP
A two-tone superior handle grip, for comfort and longevity.

PULL-OUT, DRUM WIND HANDLE
Quickly wind in the cable at the end of each use.

LOCALISED POWER SWITCH
Control the power where you are working.

INTEGRATED CABLE GUIDE
Cable guide reduces tangle and speeds up winding in.

THERMAL CUT-OUT
Prevents cable overheating when fully reeled, and allows you to reset if cut-out occurs.

HIGH VISIBILITY CABLE
High visibility ensures against tripping hazard and cable cut through.

POWER LED INDICATOR
LED indicator shows that power is live.

ROBUST BUILD
Designed and engineered for durability and longevity.

SPEED WIND HANDLE
Increased speed and control when winding in long lengths of cable from ground level or mounted anchor point.

WALL MOUNT ACCESSORY
Wall hanging brackets available for extra stability or easy storage.

USB CHARGING
Optional USB ports allow charging of mobile devices whilst working, keeping power tools connected.

CASSETTE REEL

S

A portable solution for use in heavy duty applications, delivering up to 10m of power cable extension.

- Easy wind handle and rear grip
- Ergonomically designed
- Integrated power switch
- Optimised design for increased cable capacity

ACCESSORIES

A

CABLE TIDY

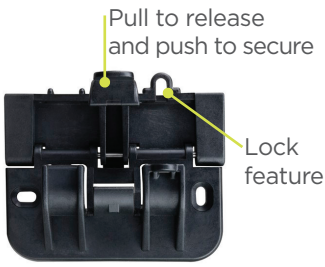
This wall mounted cable storage solution ensures loose extension leads are kept neat and tidy, as well as making them easy to transport.

- Two tone, ergonomic carry handle
- Home, garden and light commercial use

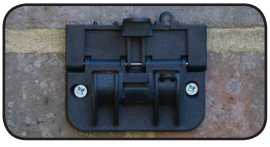
WALL HANGING BRACKET

This simple accessory allows you to store your cable reel neatly on the wall when not required or provides a convenient anchor point when in use.

Ideal for use with “Reverse Reel” - pull out the socket and leave the reel behind.



3 STEP INSTALLATION



1 Secure bracket to wall

2 Place cable reel within bracket

3 Secure cable reel

RANGE EXTENSIONS

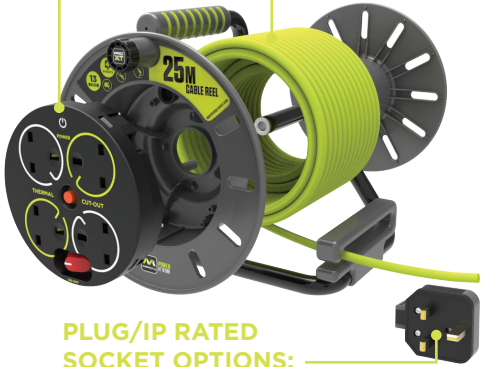
A

CABLE REELS

The modular design of Pro-XT cable reels allows for multiple options in configuration. Pro-XT has been designed to deliver the bespoke requirements of trade.

FRONT PLATE OPTIONS:

- Country specific sockets
- USB charger
- 110V sockets
- Reverse reel with pull out sockets
- Anti-twist reverse reel sockets
- Anti-twist fixed sockets



CABLE OPTIONS:

- PVC or rubber in various diameters and lengths

PLUG/IP RATED SOCKET OPTIONS:

- Country specific plugs
- RCD plug - available as part of the Pro-XT range
- Weatherproof socket

COMBINATION POSSIBILITIES

Metal Open Reel with USB

Reverse Case Reel

110V Plastic Open Reel

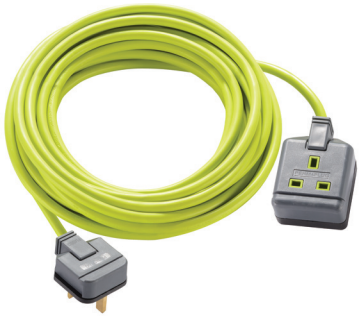
Blue Plastic Open Reel

RANGE EXTENSIONS

A

EXTENSION LEAD

- Heavy duty extension leads are available as part of the Pro-XT range
- 1, 2 and 4 gang options
- Additional weatherproof IP54 in-line socket options
- Power indicator and replaceable fuse on the 4 gang unit
- Available with cable tidy option



NOTE:

Range extensions are available upon request from your sales manager, subject to MOQ and lead time constraints.

OUTDOOR POWER

Designed with outdoor activities in mind, this range provides safe power solutions for garden and light DIY use

KEY FEATURES

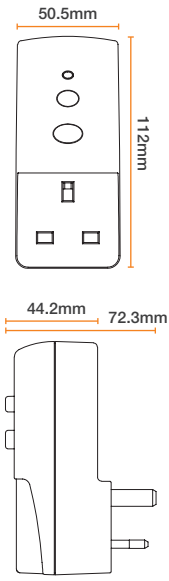
RCD SAFETY PLUG-THROUGH ADAPTOR

- One socket for connecting devices to the RCD adaptor
- Added protection against fatal electric shocks
- Maximum load 3120 Watts, 240V AC
- 30mA trip speed 40ms (typical) to provide fast protection
- Non-latching (every time the supply to the RCD is interrupted it will trip and will need to be reset)
- Double pole contact break
- Ideal for home appliance spike protection
- Manufactured to BS 7071 1991

Part No.	Description	Cable Length	Fuse	Colour	Pack Type	EAN	Box Qty
UK STOCKED							
ARCDKG	RCD Safety Adaptor	N/A	13A	Grey	Clamshell	5015056379500	10

KEY FEATURES

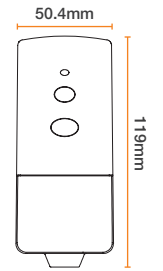


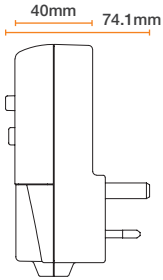
RCD SAFETY PLUG

- Added protection against fatal electric shocks
- Ideal for lawnmowers, hedge trimmers, or any portable power tool
- Maximum load 3120 Watts, 240V AC
- 30mA trip speed 40ms (typical) to provide fast protection
- Double pole contact break
- Manufactured to BS 7071 1991

Part No.	Description	Cable Length	Fuse	Colour	Pack Type	EAN	Box Qty
UK STOCKED							
PRCDKB	RCD Safety Plug	N/A	13A	Black	Blister	5015056149370	10

KEY FEATURES





INLINE SAFETY RCD

- Easy to wire into an existing cable lead for instant protection
- Added protection against fatal electric shocks
- Maximum load 3120 Watts, 240V AC
- 30mA trip speed 40ms (typical) to provide fast protection
- Active (non-latching) type – when power is cut to the device, the RCD will trip and have to be reset
- Double pole contact break
- Manufactured to BS7071:1992

HBT1510/4UNBL Medium Case Reel 15M

OPEN REEL

Our universal open reels come in four different sizes, with 10A, 13A and 16A cable options available to choose from, up to a maximum of 50m for a 16A large heavy duty open reel.

LDCC2516/4UNBLS Large Open Reel 25M with Schuko plug

UNIVERSAL CABLE REEL OPTIONS

All of our cable, cassette and open reels come with the following options:

- 10A or 13A cable
- Up to three colours face-plate printing
- Choice of colours
- Choice of plug types – UK Standard, Heavy Duty, RCD or options of European and US plugs
- LED power indicator fitted as standard

Type			Max Cable (H05VV-F) length (m)		
Code	Reel	Size	10A 1.0mm²	13A 1.25mm²	16A 1.5mm²
