LUCECO

FTYPE™  
FLAWLESS FUNCTIONALITY

EXTENDED LED FIRE RATED DOWNLIGHT RANGE

Meet the family.

  
 @lucecoplc

  
 @lucecogroup

Luceco's focus on fast fit solutions, flawless functionality and maximum energy saving make FType family perfect for both new build and retrofit applications.

Available in both 6W and 8W and using the latest Samsung LED chips to deliver up to 100 Lumens per Watt, its integrated dimmable driver, and Speedfit™ loop in/loop out piano key terminals for fast and simple installation on both stranded and solid wire cable, make FType one of the most efficient and optimum Fire Rated Downlight ranges on the market.

### FTYPE FIXED

Luceco's focus on fast fit solutions, flawless functionality and maximum energy saving make FType perfect for both new build and retrofit applications.

- Super efficient LED downlight with speed-fit terminal block
- Fully tested to 30, 60 and 90 min fire rating and insulation coverable
- Ideal for domestic or commercial applications
- Easy to install Speedfit & Clip&fit
- Supplied with True Matt White flat bezel

### FTYPE ADJUSTABLE

Using the same high performing Samsung chips and speed-fit design, this new product comes with the additional benefit of having an adjustable tilt.

- Super efficient LED downlight with speed-fit terminal block
- Fully tested to 30, 60 and 90 min fire rating and insulation coverable
- Tilt angle of upto 20 degrees
- Supplied with True Matt White flat bezel

### FTYPE DIM2WARM

Have that true halogen colour and feel with the simple twist of a dimmer whilst still using our high performance.

- Dim2Warm technology; when dimmed the colour of the light gets warmer representing halogen
- Fully tested to 30, 60 and 90 min fire rating and insulation coverable
- Choice of interchangeable bezel types and finishes
- Easy to install Speedfit & Clip&fit

### FTYPE COLOUR CHANGE

Our latest FType 3-step colour change is easy to implement using a standard light or dimmer switch.

- 3 step colour change using standard light switch 3000K, 4000K or 6500K
- Fully tested to 30, 60 and 90 min fire rating and insulation coverable
- Choice of interchangeable bezel types and finishes
- Easy to install Speedfit & Clip&fit

### ELEMENT FIXED

- Fire rated LED downlight with first fix / second fix removable connector
- Shallow height (54mm) for use in small ceiling voids
- Choice of interchangeable bezel types and finishes, supplied with Matt White bezel
- Remote Driver

1st fix / 2nd fix connector

### ELEMENT ADJUSTABLE

- Fire rated LED downlight with first fix / second fix removable connector
- Tilt angle of upto 20 degrees
- Choice of interchangeable bezel types and finishes, supplied with no bezel as standard
- Remote Driver

1st fix / 2nd fix connector

### ELEMENT REGRESSED

- Fire rated LED downlight with first fix / second fix removable connector
- Regressed design to offer low glare illumination
- Shallow height (54mm) for use in small ceiling voids
- Supplied with Matt White bezel
- Remote Driver

1st fix / 2nd fix connector

### INTERCHANGEABLE BEZELS

### F-ECO FIXED & ADJUSTABLE

- LED integrated downlight with clip & fit terminal block
- Fully tested to 30,60 and 90 min fire rating
- Suitable for residential applications
- Choice of flat bezel finishes
- Tilt angle of upto 20 degree (Adjustable only)
- IP rated 65 (Fixed) only
